

Examen 1 Foundation Test

The screenshot shows the Enthuware Test Studio application. The main window displays a test overview for a Java test. The test was taken on May 24, 2024, at 04:12 p.m. The status is 'Passed 78%'. The total questions are 78, and the total time taken is 02:46:24. The finish/pause time is 26 May. 24 18:55.

Below the overview, there is a table of questions. The table has columns: S..., Marked, Atte..., Result, Exam Objective, Difficulty L..., Problem Statement, and Note. The questions are listed in a table with 10 rows visible. Questions 1, 2, 3, 5, 6, 7, 8, 9, and 10 are marked as 'Correct' (green checkmark). Questions 4 and 10 are marked as 'Incorrect' (red X). The problem statements for questions 1, 2, 3, 5, 6, 7, 8, 9, and 10 are visible. Question 4's problem statement is partially obscured by a tooltip.

A tooltip is visible over the table, displaying the text: "How can you declare a method `someMethod()` such that an instance of the class is not needed to access it and all the members of the same package have access to it?"

At the bottom of the window, there is a section titled "View Questions" with a list of items:

- Identify the topics least scored
- Study those topics from any book
- Code some samples to test the concepts, if necessary
